How To Purchase From The Contract

This contract has been set up with two zero dollar line item catalog (MassCor) and four PunchOut catalogs (Fastenal, Grainger, MSC Industrial and Noble Supply) in COMMBUYS.

- **Directly purchase a non-fixed price item (\$0 line item) through COMMBUYS**

Each vendor is assigned a unique Master Blanket Purchase Order (MBPO) which contains price lists located in the attachments tab on each Master Blanket Purchase Order. The line items on these Master Blanket Purchase Orders are zero dollar line items and orders should be placed through them using a release requisition. There are high level instructions below for purchasing, but more detailed information can be found in the Job Aid "[How to Create a Release Requisition and Purchase Order](#)".

Once a quote is obtained and/or a product and price is determined, the ordering process is as follows:

- Initiate a new requisition
 - Search for an item (Use FAC101) in the description
 - Select the vendor you will be placing an order with
 - Select the appropriate catalog line
 - Enter the total price
 - Attach the vendor quote and/or a detailed order summary
 - Submit for approval
- **Solicit quotes and select and purchase quoted item in COMMBUYS**

This COMMBUYS functionality provides a mechanism to easily obtain quotes, as specified by the Contract. The buyer would create a Release Requisition, and then convert it to a Bid. After approval by the buyer approving officer, the bid is then sent to selected vendors to request quotes. Buyers must include "FAC101 RFQ" when entering information in the Description field.

For a description of how to complete this purchase in COMMBUYS, visit the [Job Aids for Buyers](#) webpage, and select:

- The *COMMBUYS Purchase Orders* section, and choose the *How to Create a Solicitation Enabled Bid Using a Release Requisition* job aid or one of the quick reference guides.
